

This Bluetooth Deadbolt Door Lock will bring you an amazing keyless access experience. Instead of spending minutes searching your key from your bag, aiming at the key hole, turning round the cylinder, all you need to do is a gentle touch on your phone App, then the lock will unlock automatically for you.

It adopts the latest automatic technology to unlock and lock the door automatically without hands. It can also be set to lock automatically with a time span set after a successful unlock. It's a good choice to secure your home and add convenient automation with this lock.

TECHNICAL SPECIFICATION:
